Why 8th Grade matters

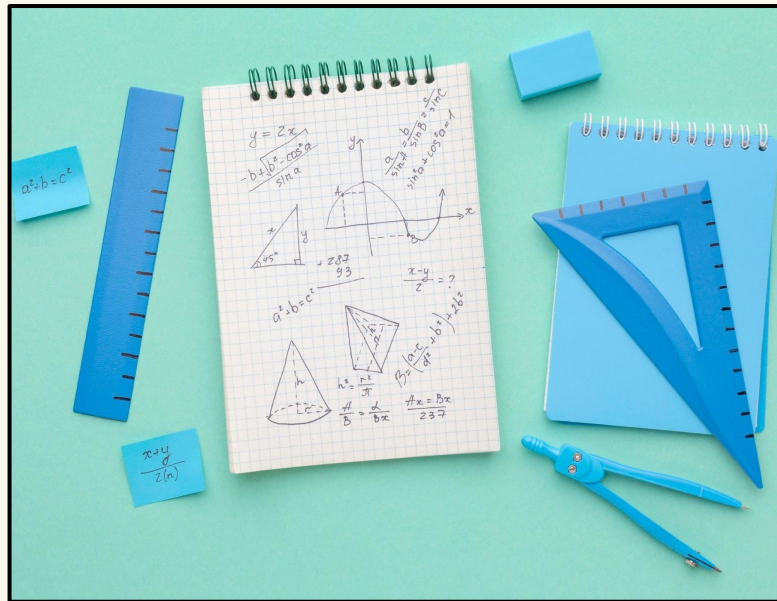

8th Grade is important!

Academic Preparation for High School

- 8th grade is your **final year before high school**—strong habits now set you up for success.
- Start building **good study habits and time management skills**.
- Take advantage of **extra credit or study halls** when available.

Setting Goals for Success

1	
personal & academic goals	

Think about your personal and academic goals for the year.

2	
achieve	

What do you want to achieve before high school? (Better grades? Join a club? Try a new activity?)

3	
big opportunities	

Small steps now lead to big opportunities later.

Staying Organized

How Do You Stay Organized!

Stay Organized!

Staying organized is the key to success!

Google Classroom

...is a tool where teachers can share assignments, announcements, and resources with students.

- It helps you stay organized by keeping all your classwork in one place. You can also submit homework, ask questions, and get feedback from your teacher all online!

Xello

...is an online tool that helps you explore careers, plan for high school, and think about your future.

PowerSchool

...is an online system where you can check your grades, assignments, and attendance.

- It helps you stay on top of your progress in school.

Google Classroom

The screenshot shows the Google Classroom interface for a class named "Class of 2030". At the top, there are navigation tabs for "Stream", "Classwork", "People", and "Grades", with "Stream" selected. Below the navigation is a blue header banner with the text "Class of 2030" and a graduation cap icon. On the left side, there are three utility boxes: "Meet" with a "Generate link" button, "Class code" showing "brbzi7" with a QR code icon, and "Upcoming". The main content area on the right features a purple circular icon with the letter "R" and the text "Announce something to your class". Below this is a post from "Ralita Cheeks" dated "Jan 13" with the subject "**Attention Students!**". The post text reads: "If you've missed any Xello lessons or aren't up-to-date with completing your three prior lessons, I will be calling you down soon to check in and see how I can support you." and "Remember, Xello is designed to help you explore and achieve your college and career goals—so it's important to stay on track!".
